FOOD SAFETY MODERNIZATION ACT (FSMA)

PRODUCE SAFETY RULE TRAINING COURSE

Conducted by a Primus Group Lead Trainer

A qualified trainer providing the mandatory 7-hours of instruction, covering these seven modules:

- Introduction to Produce Safety
- Worker Health, Hygiene, and Training
- Soil Amendments
- Wildlife, Domesticated Animals, and Land Use
- Agricultural Water (Part I: Production Water; Part II: Post Harvest Water)
- Postharvest Handling and Sanitation
- How to Develop a Farm Food Safety Plan

In addition to learning about produce safety best practices, requirements of the FSMA Produce Safety Rule will be outlined within each module. There will be time for questions and comments. Those in attendance for the entire course will be mailed the required certificate of completion from the Association of Food & Drug Officials (AFDO).

FDA FOOD SAFETY
MODERNIZATION ACT

The FDA's Food Safety Modernization Act (FSMA) also known as The Produce Safety Rule (The Rule) becomes effective on January 26, 2018 for properties with average annual gross revenue of \$500,000 or more (over the previous three years). The Rule establishes science-based minimum standards for the safe growing, harvesting, packing, and holding of all fruits and vegetables grown for human consumption. The FDA has been discussing the increased water requirements of The Rule and has proposed an additional 2-4 years extension on compliance dates. If this proposed modification is passed, the first compliance dates for water requirements will be in 2020.

When and Where:

JANUARY 11, 2018 - 8:00 AM to 5:00 PM

**Santa Paula Community Center
530 Main Street, Santa Paula CA 93060**
