

NOTICE: Paper Reduction Initiative – Analytical Reports

Dear Valued Customer,

To help us improve efficiency in reporting and reduce paper waste, Fruit Growers Laboratory, Inc. / FGL Environmental is requesting your support as we implement a paper reduction initiative.

Emailing your analysis results ensures they are delivered as quickly as possible. We ask that you permit us to eliminate the step of sending them again by U.S. Mail.

We will implement this change on **June 1, 2022**. However, should your situation prohibit you from going paperless at this time, please let us know by e-mailing us at: **paperlessreports@fglinc.com** or by calling us at (805) 392-2000. Press “0” and let us know that you are calling about the paper reduction initiative.

Additionally, if you are not yet an FGL “Web Customer”, we want to help set this up. It’s quick and easy! FGL Web Customers can view reports (past or present) at any time by clicking on the “Web Customers” tab on the home page of our website: www.fglinc.com.

Thank you for doing business with Fruit Growers Laboratory, Inc. and for your kind support in this matter.

Best regards,

Kelly Dunnahoo

President and Laboratory Director
